

# Northshore Endodontics

5701 NE Bothell Way  
Kenmore, Washington 98028

Phone: (425) 488-9785

## Driving Directions

**From I-5 North — Take Exit 177.** Go East on Route 104 through Mountlake Terrace towards Lake Forest Park. Route 104 East eventually turns into Ballinger Way. At the end of Ballinger Way, the Lake Forest Park Mall will be on the right hand side. At the light, make a left turn onto Bothell Way. We are ½ mile up on the right hand side of the road — on the lake side. Also, when you turn left onto NE Bothell Way, you will notice a cement barrier on the right hand side of the road. When that barrier ends, get into the bus lane. Make a right at the Uplake Dental Center sign. We are in the beige and green building to the right (top floor, suite #1). There is a large silver sign on the door.

**From 405 North — Take Exit 23.** Go West on Route 522 towards Seattle. Go through the town of Bothell and toward Lake Washington. When you reach 61st Ave. NE in Kenmore, you will see a Jack in the Box on the right hand side. Those are just landmarks for you. Go straight through that intersection and you will see two buildings on the left-hand side of the road. Get into the left hand turn lane to turn into the parking lot. You will also see a sign that says “Uplake Dental Center”. We are in the beige and green building to the right hand side (top floor, suite #1). There is a large silver sign on the door.

**From Lake City Way- Go East on Route 522 towards Bothell.** Once you get to the Lake Forest Park Mall, you'll be about ½ mile away from our office. Continue on 522 and you will notice a cement barrier on the right hand side of the road. When that barrier ends, get into the bus lane. Make a right turn at the “Uplake Dental Center” sign. We are in the beige and green building to the right (top floor, suite #1). There is a large silver sign on the door.
